

## U.S. TAKES STEPS TO STOP REIGN OF TERROR IN RUSSIA

### All Allied and Neutral Nations Called Upon for Help

(By The Associated Press). WASHINGTON, Sept. 21.—Horror-stricken by the bloody reign of terror in Russia, the United States today called upon all allied and neutral nations to consider what they may do to impress upon the Bolsheviks the aversion with which the civilized world regards their wanton crimes.

By direction of President Wilson, Secretary Lansing despatched an identical instruction to every American diplomatic representative in the foreign capitals.

The action aligns the United States with that of Great Britain and France in declaring the Bolsheviks responsible for the murders, crime and excesses which have shocked the world, outlaws and public enemies.

Whatever action may be decided upon by the nations, separately or in concert it is made clear will be quite apart from the prosecution of the war against Germany. This is the text of the state department's instructions to the American diplomats:

**Department's Instructions.** "This government is in receipt of information from reliable sources revealing that the peaceable Russian citizens of Moscow, Petrograd and other cities are suffering from an openly avowed campaign of marked terrorism and are subject to wholesale executions. Thousands of persons have been shot without even a form of trial; ill-administered prisons are filled beyond capacity and every night scores of Russian citizens are recklessly put to death and irresponsible bands are venting their brutal passions in the daily massacre of unaided innocents.

"In view of the earnest desire of the people of the United States to befriend the Russian people and lend them all that is possible assistance in their struggle to reconstruct their nation upon principles of democracy and self-government and acting therefore solely in the interest of the Russian people themselves this government feels that it cannot be silent or refrain from expressing its horror at this state of terrorism. Furthermore it believes that in order to check the further increase of the indiscriminate slaughter of Russian citizens all civilized nations should regard their abhorrence of such barbarism.

"You will inquire therefore whether the government to which you are accredited will be disposed to take some immediate action which is entirely devoid of the atmosphere of belligerence and the conduct of the war, to impress upon the perpetrators of these crimes the aversion with which civilization regards their present wanton acts."

The reported action of the Bolsheviks in effecting an alliance with Germany for offense and defense is an added cause for the step.

**Acts Have Shocked World.** Official reports from Russia, many coming thru neutral countries, have recited revolting acts that have astounded and shocked the world. The reign of terror has already greatly hindered the efforts of the United States to alleviate an impending famine in Russia, as it is impossible to furnish much needed supplies to that part of the country under Bolshevik control without actually feeding the German army and the German people. It is conceded that there is enough food in southern Russia and western Siberia to feed all the Russian people if a means of distribution could be effected to keep the supplies from falling into German hands.

The alliance between the Bolsheviks and Germany presents a dangerous situation to the allies in that it may afford Germany an opportunity greatly to increase her particularly waning manpower.

Secretary Lansing today reiterated that the efforts of American troops at Vladivostok and Archangel were solely to aid the Czech-Slovaks to leave Russia for the western front and not to establish an eastern battle front or in anyway to interfere with the internal affairs of Russia.

The conduct of the Bolsheviks, against which today's protest was directed is considered an entirely separate phase of the Russian situation.

A protest which the United States made some years ago to Turkey against the Armenian massacres is a precedent for today's action. At that time the Armenians were being massacred by the Turks as indiscriminately as the Russians are now being executed. This country, voicing its protest, called upon Turkey to put an end to the massacres and asked the remainder of the civilized world to join in the protest. Germany became alarmed at the time at the attitude of the world and used its influence, then practically paramount in Turkey to stop the massacres and the Armenian people.

## STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

(By The Associated Press). WASHINGTON, Sept. 21.—Comparative quiet prevailed today in sectors occupied by American forces, General Pershing reported tonight to the war department. The statement follows: "American Headquarters, Sept. 21.—"Aside from patrol encounters and increased aviation activity in the Vosges, the day was uneventful in the sectors occupied by our troops."

LONDON, Sept. 21.—An official communication issued by the Bulgarian war office Thursday and received here today says: "North of Monastir the enemy after artillery barrage, tried to penetrate our trenches but was repulsed."

"East of Verna there was stiff fighting throughout the day with alternating success. Between the village of Glevetli and Lake Doiran, the enemy, after desperate fighting succeeded in penetrating a portion of our advanced trenches but was driven out with considerable losses by a counter-attack, leaving prisoners in our hands."

"Defending their positions in obtaining hand-to-hand fighting during the last two days our troops have inflicted heavy casualties on the enemy."

LONDON, Sept. 21.—Nineteen German airplanes have been accounted for by British airmen while the British themselves have lost eleven machines, according to Field Marshal Haig's report tonight dealing with aviation.

The text of the report follows: "Despite low clouds and frequent showers our airplanes Friday carried out useful work in all departments."

"Twenty six and a half tons of bombs were dropped during the 24 hours."

LONDON, Sept. 21.—The British again have advanced their line east of Epehy and near Hargicourt midway between St. Quentin and Cambrai, according to Field Marshal Haig's communication issued tonight. A number of additional prisoners were taken.

The text of the communication follows: "In a minor operation undertaken by us this morning east of Epehy English troops successfully advanced their line after heavy fighting. Strong opposition was encountered at all points, and later in the day the enemy launched a number of counter-attacks of considerable strength. In spite of this resistance our troops made substantial progress on the whole of the front of their attack."

"In conjunction with the attack the Australian troops made further progress in a completely successful operation in the Hericourt sector, capturing a number of prisoners."

## AMERICANS PLAY IMPORTANT ROLE

ARCHANGEL, Russia, Wednesday, Sept. 21.—By the Associated Press. The American army contingent in Northern Russia has played an important role. Its unit form is familiar everywhere from Archangel to the front.

The engineers are busily engaged in constructing roads and in other detail work while the other troops and sailors are carrying out their respective duties.

## METHODIST CONFERENCE

Quincy, Ill., Sept. 21.—The laymen's association of the Illinois conference in session here today endorsed all actions of President Wilson and Governor Lowden in the prosecution of the war and pledged support to all patriotic moves. The association also voted to include in the church budget the expense of the pastors at the annual conference. A special committee appointed by the conference to consider the removal of the Illinois Wesleyan University from Bloomington to Springfield will report Monday morning. The assignment of pastors will also be made then.

## JAPAN SENDS RELIEF

Tokio, Thursday, Sept. 12.—By the Associated Press.—The war office has announced that the Japanese army has sent to China a large quantity of wheat, tea, cocoa, rice, matches and tobacco from Manchuria. It is added that the people of China highly appreciate the relief.

## CONDITION WEAKER

St. Paul, Sept. 21.—Archbishop John Ireland continued to grow weaker tonight. Throughout his illness the archbishop has been conscious and today a number of prominent churchmen talked with him for a short time.

## GERMANS DELIVER COUNTER ATTACK AGAINST BRITISH

### Haig's Forces Yield Part of Their Recent Gains

WITH THE BRITISH ARMY IN FRANCE, Sept. 21.—By the Associated Press.—Heavy counter-attacks have been delivered by the Germans between Vendhuile and Bellicourt against the English battalions attacking west of Epehy and Hargicourt on the left of the Australians.

The British forces have yielded part of their gains at some places, but a net advance of a quarter of a mile in depth has been made and numerous machine gun redoubts have been stormed.

More than 400 prisoners were taken on one part of the front. The British fourth army succeeded in gaining further ground today in the Hindenburg outpost northwest of St. Quentin. This gain was made in the face of stubborn resistance the Germans fighting hard at every point throughout the day.

The pillaging of Cambrai after its recent evacuation by civilians is thus described in a letter written by a soldier, September 10:

"In Cambrai we lived like fighting cocks. All the civilians had to go out of the town, leaving behind many valuable articles, with which we Germans greatly amused ourselves. The food office was regularly stormed. Here one officer and fifteen of the guard fell. Our section of course, took an active part. We bought a heap of things for very little money. I had the good luck to obtain access to the wine cellar which was flooded with wine. We also took a stock of bottles of brandy and all this in the fourth year of the war."

Another soldier mentioned the food shortage and added: "We have just put a juicy roast of horse flesh over the fire. We got it yesterday from a horse which had just been killed. The beast had hardly fallen when men came running from all sides with hatchets and knives. We managed to get a fine cut from the leg."

## CHARGED WITH USING POLITICAL INFLUENCE

WASHINGTON, Sept. 21.—Charges that political influence has been brought to bear on Secretary Baker in making selections for cantonment sites and for location of other war activities, were made in the house today by Representative Robbins of Pennsylvania, Republican. Discrimination in favor of the south as against the north was charged by Mr. Robbins who declared that to Democratic states the treasury is sending a flow of gold to aid in meeting political exigencies.

This is true, he said, in spite of the fact that the north furnishes more men for the war than the south and that it pays much more in federal taxes to carry the burdens of the war.

The representative declared sixteen southern states have received from the federal government a total of \$400,306,991, for camps and war plants, while Pennsylvania, he said, has received little more than \$8,000,000; other northern states proportionately the same.

Replying to Representative Robbins, Representative Hefflin of Alabama, Democrat, denied the charge that the administration had displayed sectionalism. He said Pennsylvania had received \$50,000,000 to \$60,000,000 for every \$1,000,000 spent in Alabama and that the north generally had enjoyed the expenditure of \$150,000,000 for every \$1,000,000 spent in the southern states.

## GETTING READY FOR SOLDIERS' CHRISTMAS

WASHINGTON, Sept. 21.—Christmas packages for the two and a half million or more American soldiers who will be in France during the holiday season this year, will be delivered under an arrangement with the Red Cross, announced today by the war department.

In order to control the flood of gifts that otherwise would make the handling of them impracticable, the department has decided that only one parcel will be accepted for each man.

All packages must be mailed before November 15 as weeks will be required to get them to ports of embarkation, across the Atlantic and to the various places in France where men are stationed.

## CAMP PIKE WINS

Little Rock, Ark., Sept. 21.—Camp Pike defeated Camp Funston, 4 to 2 today in the first of a two-game series for the Army Baseball Championship of the southwest.

## War News Summary

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Allied troops are progressing satisfactorily in breaking down the defenses of St. Quentin. On the north the British are fighting in the Hindenburg positions and pressing toward the canal between St. Quentin and Cambrai, while on the south the French are moving forward steadily.

For a stretch of more than ten miles north of St. Quentin the British now hold the dominating hills and the present local action in the region west of Catelet probably is for the purpose of further improving the situation in anticipation of a great assault against the Hindenburg line. The main enemy defense in the region between Cambrai and St. Quentin, both of which are threatened by the present British operations are based on the canal highway and railroad running north and south on an average of about two miles from Field Marshal Haig's front line.

Toward LeCatelet the British are pressing eastward on a front of three miles and are within four miles of the town, one of the important German bases on this front.

With the Australians already in the Hindenburg positions, other British forces are rapidly overrunning them north of Hargicourt. West of St. Quentin the French are within two miles of the outskirts, while on the south they are forcing the Germans to give up important villages and other positions.

St. Quentin as a result of the week's operations, is in a more serious position than possibly at any time during the war.

A further push eastward by the British from their positions on the northwest will virtually place the allies on three sides of the town. St. Quentin is an important outpost of Laon, perhaps the most important enemy base in northern France. The French on the south are ten miles from Laon and are hammering it with their big guns.

## U.S. Coast Guard Cutter Sunk By Sub; 10 Lives Lost

(By The Associated Press).

WASHINGTON, Sept. 21.—Ten enlisted men of the crew of the coast guard cutter Seneca lost their lives Sept. 16 while attempting in a heavy sea to save the British steamer Wellington, which has been put in a sinking condition by an enemy torpedoed the navy department was informed tonight by Admiral Sims.

The names of those lost follow: William L. Boyce, Jersey City, N. J.

James J. Nevine, Norwich, Conn.

Merten Stellenwerf, Port Richmond, N. Y.

Raymond H. Pingard, Bridgeport, Conn.

William H. Prime, Yonkers, N. Y.

Russell Elam, no address.

August Vuleger, no address.

Martin Ovesen, Denmark.

William H. Best, no address.

Carl S. Newbury, New Haven, Conn.

The body of Best was recovered by a United States destroyer.

## MUST STOP MALTING OF GRAIN FOR BEER

WASHINGTON, Sept. 21.—Maltng of grain for the purpose of brewing beer or near-beer is prohibited by an order issued today by the food administration. The order is effective immediately.

Maltng for the purpose of manufacturing yeast, vinegar, cereal breakfast foods, malt extract and other such products will be permitted, the food administration states, but no grain shall be malted for these purposes until actual sales have been made. Malters are now permitted to purchase grain to cover maltng of this character.

## ARRANGING FOR AIRPLANE MAIL SERVICE

Chicago, Sept. 21.—Captain B. B. Lipsner, chief of the aviation mail service, arrived here this morning to arrange for a landing field for the New York-Chicago aerial mail service soon to be inaugurated by the government.

Southwest of Metz, where the French and Americans recently cleared the St. Mihiel salient, the Germans have started further fires. Soldiers and wagon trains have been seen moving northward and it is believed the Germans are preparing for a possible allied attack or a retirement on their own initiative. Elsewhere on the western front there has been no change in the situation.

The allied stroke in central Macedonia which opened with the expulsion of the Bulgarians from the important Sokol position is developing successfully on a wide front. Further progress by the French toward the Vardar river and the Uskub-Saloniki railroad paralleling it probably will bring about a readjustment of the Austro-German and Bulgarian positions throughout this whole theater.

With the Serbs within nine miles of the railroad and the river the only artery of communication for the enemy troops around Lake Doiran it seems within the range of possibility that the railroad can be cut. From Krynovo de Mirkaput, on the railroad, the terrain is favorable and by pressing toward the Vardar the Serbs are in the foothills of Drenska Planina, a height position protecting the town on the south.

Additional Bulgarian prisoners have been taken by the Serbs, who also have been liberated ten more towns. The British and Greeks continue their pressure in the Doiran region but evidently their activity is mainly for the purpose of keeping the enemy occupied so that he cannot send aid to the front further west.

It is reported from Ukrainian sources that the crown prince of Roumania has fled from Jassy to Odessa. The reason for his flight is not disclosed. Recent German reports have been to the effect that the fact that an anti-German outbreak was in progress or was imminent in Roumania with Queen Marie as one of the principals behind the movement.

## THREE CITIES ASK FOR NEXT M. E. CONFERENCE

Decatur, Charleston and Bloomington—Rev. T. H. Tull, mentioned for Grace Church Pulpit.

(By C. R. Morrison.)

Quincy, Ill., Sept. 21.—(Special to the Journal)—The delightful weather has been a matter of real satisfaction to the delegates and ministers at this session of the Illinois Conference. Two more candidates for Conference next year, namely: Decatur and Charleston. Each of these have had the conference more recently than Bloomington. From a canvass of location it would seem that Decatur stood the best chance of selection.

So far these are few indications of changes. Grace church, Jacksonville, has been mentioned in the list. Among the possible men to supply that popular pulpit Rev. T. H. Tull of Lincoln has been suggested.

When it comes to a shift of men, other names may come up.

## DENIES CRITICISING SECRETARY LANE

WASHINGTON, Sept. 21.—Action of Secretary Lane in the California oil land, criticized recently by Senator Thomas of Colorado, was given warm approval in the senate today by several senators, while Mr. Thomas disclaimed intending to "attack" the secretary and joined in praise of his personal integrity, ability and official career.

In replying to Senator Thomas' address of a few days ago, Senator Myers of Montana, Democrat, chairman of the senate public lands committee, and Senator Ashurst of Arizona, Democrat, warmly commended Secretary Lane's course in the oil dispute. They took sharp issue with Senator Thomas in criticizing Mr. Lane for not responding to statements made by Frank J. Kearful, assistant attorney general in charge of the oil land litigation against him.

Denying intent to attack Secretary Lane, Senator Thomas admitted to be fully conversant with his official prerogatives in the oil dispute and had failed to resent or notice the act of Mr. Kearful.

In today's discussion various features of the oil controversy were discussed, including the pending oil land development legislation. The latter is apparently deadlocked in conference, Senator Myers declared, because of the dispute between Secretary Lane and Secretary Daniels and Attorney General Gregory regarding the policy to be followed upon the California naval reserves, for some of which Secretary Lane has recommended patents which the department of justice, following Secretary Daniels' plans for conserving the oil resources for the navy has suspended by litigation.

## AMERICANS SPEND QUIET DAY IN LORRAINE SECTOR

### Only a Few Clashes Occur Between Outposts

WITH THE AMERICAN ARMY IN FRANCE, Sept. 21.—By the Associated Press.—Both German and American lines south of Metz have now been well stabilized. Occasional clashes have occurred between outposts, but for the present neither side is making any serious effort to alter its position.

The German artillery has continued its harassing fire but the American guns have far overreached the enemy's front lines, a shell falling occasionally in the vicinity of Metz and serving to emphasize to the Germans the advances the allies have made.

There has been no bombardment of the city of Metz, and a bombardment of that place is not expected during the present operations. The fire against the forts around Metz will be continued at varying intervals.

American guns are returning the fire and are harassing the Germans to an equal degree on the Lorraine front. No attempt was made by either side today to advance. The American patrol continued to dominate the greater part of the space between the two lines.

The severity of the action of the Germans against those of their men who are caught reading allied propaganda and the way they are dealt with is indicated by the story of a prisoner taken near Haumont. The prisoner said his hands had been tied behind his back for eight days because he was caught reading a French pamphlet dropped by an airplane and then handing it on to his comrades for perusal.

## U.S. Has Plenty of Foodstuffs to Ship to Allies

(By The Associated Press).

WASHINGTON, Sept. 21.—Food Administrator Hoover, outlining in a statement issued tonight the food conservation program recommended for the American people the coming year said the United States was prepared to ship 5,750,000 more tons of foodstuffs to its armies and allies than last year and still have a margin over the amount necessary to maintain health and strength at home. The great undertaking cannot be accomplished, however, Mr. Hoover emphasized, without regard to importance of saving by every person.

"We can do no less than fill the ships the allies send us," he added.

With no prospect as he saw it of a proper ending of the war before the summer campaign of 1919 the food problem, the food administrator declared is no small part of the issue. The allied civilians and armies, the American armies, the Belgian relief and certain neutrals who are dependent upon the United States will require 17,550,000 tons of foodstuffs for the year beginning July 1. This, in round numbers will include meats and fats, 2,600,000 tons; breadstuffs, 10,400,000 tons; 1,850,000 and feed grains, mostly army oats, 2,700,000.

There will be no food rationing in this country so long as the people continue to conserve as they have last. Mr. Hoover said, nor will it be necessary he hoped to resort to wheatless and meatless days.

## CROWDER ISSUES ANOTHER DRAFT CALL

WASHINGTON, Sept. 21.—Provost Marshal General Crowder today sent out calls to the governors of thirty four states and the draft executives of the District of Columbia, for 13,000 white men qualified for limited military service to be sent to camp between Sept. 30 and October 4.

Draft officials of Alaska were called upon to furnish 574 white men and five negroes qualified for general military service and 277 white men qualified for limited military service to be sent to Fort William Seward, Haines, Alaska, Sept. 30 to Oct. 15.

The state quotas and camps of Illinois, Iowa, Indiana, in the call for limited service men are: Illinois—1,800 to Jefferson Barracks.

Indiana—750 to Jefferson Barracks.

Iowa—250 to Jefferson Barracks.

## KIECKHEFER MATCHED

Chicago, Sept. 21.—Angie Kieckhefer, three cushion billiard champion of the world, who has just successfully defended his title against Charles Oils, New York, today was matched with Robert L. Cannefax, former champion, to play a three cushion contest in Chicago within three weeks.

## TELEGRAPH BRIEFS

AN ATLANTIC PORT.—The American steam trawler Kingfisher was torpedoed and sunk 80 miles off the North Atlantic coast last night. Captain Riley and his crew of 26 were rescued and reached shore today.

ST. PAUL.—Two hundred soldiers from Camp Dodge, Iowa, passed thru here last night on a special train bound for Cando, N. D., where they will aid farmers in harvesting grain. The labor situation in North Dakota is said to be serious and the soldiers are being sent there to aid in saving the crops.

LONDON.—The entente allied independent air force on Friday dropped bombs on the German towns of Mannheim, Karlsruhe, Boulay, Frescaty and Morhange, according to an official statement issued this evening by the British government.

ST. PAUL.—Rev. Thomas A. Welch, secretary to Archbishop John Ireland, told the Associated Press at 1 o'clock yesterday afternoon that the archbishop had suffered another striking spell. Physicians have not entirely abandoned hope for his recovery however.

WASHINGTON.—Without the provision increasing the government guaranteed price of wheat from 32.20 a bushel, which once was made by President Wilson, the agricultural appropriation bill carrying \$27,800,000 was passed late today by the house without a record vote.

CHICAGO.—A new epoch in inland waterway transportation, which is expected to revive the almost forgotten glories of Mississippi river steamboat days was marked today by the departure of the first fleet of barges under their own power on their maiden voyage from Chicago down the drainage canal.

AMSTERDAM.—An attempt has been made at Kursk to assassinate Leon Trotsky, the Bolshevik minister of war and marines, according to a despatch sent from Kiev by the correspondent of the Leipzig Abend Zeitung.

The correspondent says a soldier fired twice at Trotsky but missed his mark.

## MANY INJURED BY EXPLOSION IN STEAMER

NEW YORK, Sept. 21.—Explosion of steam pipes aboard the Steamer Julia Stafford, headed for Brooklyn late today with 200 men and women workers from the Standard Shipyard and Shooters Island, resulted in the injury of many of the shipbuilders.

Forty of the victims have been removed to a hospital on Staten Island where it is said at least one is expected to die. Police report that many of the passengers jumped overboard and it is feared some were drowned. One woman was picked up out of the water.

## NO TRACE OF ROBBERS.

Chicago, Sept. 21.—After 24 hours search the police today reported they had no trace of the five robbers who yesterday looted the State bank at Argo, a suburb, escaping in an automobile with more than \$20,000 in cash.

## WILL ERECT NEW HUTS IN CANTONMENTS.

New York, Sept. 21.—The Jewish welfare board announced today it had authorized the erection of twenty seven new huts in military cantonments throughout the United States as well as additions to the fifteen buildings already completed in various camps.

## TWO SOLDIERS KILLED BY EXPLOSION.

Los Angeles, Cal., Sept. 21.—Two soldiers, members of balloon companies at the balloon school at Arcadia near here were instantly killed and three others were injured, one seriously when a quantity of flash powder exploded late yesterday. The dead are: Private Guy Weyland, of Nebraska, and Bailey Thompson of New York. The names of the injured were withheld from the official announcement given out early today.

## TWELVE DEATHS FROM AIRPLANES PAST WEEK.

Washington, Sept. 21.—Twelve deaths from airplane accidents at army aviation fields thruout the country during the week ended September 14 are reported in a summary issued by the war department.

Mr. and Mrs. J. M. Furry of Virden are guests at the home of their son, Harry Furry on West Lafayette avenue.

## 1,760,000 BEEN EMBARKED FOR OVERSEAS

### General March Announces News from Battle Fronts Good

(By The Associated Press). WASHINGTON, Sept. 21.—Striking proof that the German power is fast crumbling came today in the announcement by General March, chief of staff that the news from all battle fronts was "continuously good" and that 1,750,000 American troops have now been embarked for overseas service.

Just six months ago today, the enemy flung his full military power against the British lines in Picardy in the great drive that was to end the war in a smashing victory. Today he was fighting desperately to hold to the tottering Hindenburg line, the defensive system from which he struck that blow and back into which he has been hurled. The situation on the various battle fronts was tersely summarized by General March today as follows:

News during the week has been from all fronts continually and continuously good. On the western front our new line in Lorraine was quickly stabilized. The enemy has been hurriedly strengthening his line of defense, the so-called Kriemhild line, which lies only a mile or two in front of our new line on a front of about twenty miles from near Malzeray to the Moselle river at Vandieres. We are now ten miles away from Compiennes and twelve miles away from Metz.

"In Picardy the British and French renewed their advance on the Cambrai-St. Quentin front, towards the old Hindenburg line. In spite of the concentration of the enemy forces defending this sector, they have made steady progress and the enemy is reported to have lost heavily. We have officially confirmed that 10,000 prisoners have been captured."

On the plateau northeast of Soissons the French have continued to force back the enemy's best troops until they are now within half a mile from the junction of the Maubeuge road and the Chemin-de-Dames, and within ten miles of Laon, which is being shelled.

"The reports in the press about the successful operations of the Serbian army on the Balkan front are correct. The Serbian army attacked the Bulgarians on a front of 25 miles and drove them back about twenty miles. According to official reports British have reopened activities in Palestine."

## BOMBARDMENT OF METZ STARTLES HUNS

GENEVA, Friday, Sept. 20.—The bombardment of Metz by the American heavy artillery, caused surprise but no panic, says the Metzener Zeitung. "The enemy merely copying the methods of the German bombardments of Paris." The paper adds that few persons were killed and the damage was insignificant.

It is learned from Basle, however, that the bombardment caused an enormous sensation in Germany. Many of the inhabitants have left Metz, but neutrals are prohibited from departing. It is the first time since 1870 that Metz has been under artillery fire.

An active campaign is soon to start in Morgan county, just as it is true in other counties of the state, to urge support of the \$30,000,000 bond issue for good roads. The movement will have some strong backing in this county because the bonds if issued are to be refunded from automobile licenses and further because of the assurance that if the people vote in favor of bonds that none will be issued until after the war.

Reports leaking thru from Russia indicate a terrible condition existing there and the slaughter of innocent citizens on every side without trial or provocation. The U. S. has sent vigorous protest and other nations are taking like action, but it is exceedingly doubtful if these protests will avail. Force is the only argument that the Bolsheviks know about and force there will be later on, with full retribution for the wrongs done so gloriously.

## PARTY UNION ON ONE POINT.

The Republican and Democratic platform adopted at the state conventions this past week vary on some points but in their positions on war questions present complete similarity. Loyal Americans are of one mind these days about the war and know only one thought—that of fighting on to victory and honorable peace. There are party platforms and tickets and campaigns but we are all one great party on this war question—all against the Hun.

## BELGIANS DESERVE HELP.

People of Jacksonville are being appealed to thru the Red Cross to send supplies to the Belgians. A special drive to secure clothing and goods from which clothing can be made is in progress this week. In another part of the paper appears a list of garments especially needed. The appeal should not be in vain for the world today owes a debt which can never be fully repaid to brave Belgium for the resis-

tence offered to the Huns in the opening days of the great world war. Had it not been for the bravery and self-sacrifice of King Albert's army the German army would have been able to conquer France before British aid arrived. There has been vast suffering in Belgium thru the years of the war and the cry for relief is earnest and appealing.

## THE LAWYERS' PART.

Lawyers of Morgan county must now take up the great burden of assisting more than 3,000 registrants in Morgan county under the manpower bill in filing out their questionnaires. The attorneys have manifested their full willingness to do this painstaking and exacting work. It means not only strain and labor but personal sacrifice—the taking of hours and days, and possibly weeks, of time from their own business affairs. Certainly not all patriotism belongs to those who go into the army service. The same thought came to mind the other day when viewing a picture of an assemblage of several hundred workers in the spruce forests. The men there are making possible the lumber later to enter into the construction of aeroplanes. And who could say that the lumber camp workers are not doing their full part in the war? So the lawyers are doing their part and something of the same principle now applies to the "citizens behind the lines" in great number working in various ways for a common cause.

## LETTERS TO WAR MOTHERS—A CONTRAST.

To the widow Bixby, who lost five sons in our civil war, President Lincoln wrote:

"I have been shown in the files of the war department a statement of the adjutant general of Massachusetts that you are the mother of five sons who have died gloriously on the field of battle. I feel how weak and fruitless must be any word of mine which should attempt to beguile you from the grief of a loss so overwhelming. But I cannot refrain from tendering to you the consolation that may be found in the thanks of the republic they died to save. I pray that our Heavenly Father may assuage the anguish of your bereavement and leave you only the cherished memory of the loved and lost and the solemn pride that must be yours to have laid so costly a sacrifice upon the altar of freedom."

Frau Meter of Delmenhorst, Oldenburg, lost nine sons in this, the Kaiser's own war. To her the Kaiser wrote:

"His majesty, the Kaiser hears that you have sacrificed nine sons in defense of the fatherland in the present war. His majesty is immensely gratified by the fact, and in recognition is pleased to send his photograph, with frame and autograph signature."

## A REASON FOR PARTY PRIDE.

Every loyal Republican can feel just pride in the war record of his party. This is the way Gov. Lowden in his speech before the Illinois Republican convention summed up the recent record.

"We are all familiar with the great debates that attended the adoption of our Constitution. We know that the great danger which our fathers feared was factional differences in times of stress. We know that Washington, in his Farewell Address, pointed to that as the rock upon which our Constitution might founder. And yet, in the presence of the greatest war the world has ever seen, we behold a united country, united because of the unselfish patriotism of the party representing at least one-half of our entire population, supporting loyally the Government, the without any voice whatever in that Government."

"And who can doubt that the Republicans in Congress have speeded up the war, have upheld and strengthened the President when his own party leaders were wavering? I wish to remind the gentlemen upon the other side that when the Selective Service law was pending in Congress—a measure which the Administration said was essential, absolutely essential to our successful prosecution of the war—the leaders in his own party failed him, and that that was a Republican who led the measure to success on the floor of the House of Representatives. Who can tell when a similar situation may arise again? So it is of the last importance that the Republican party should go on in its full vigor, to the end that in some future crisis it may be on the ground to save the Government from disaster."

## ROOSEVELT AND THE LIBERTY LOAN.

This is what Ex-President Roosevelt says about the Fourth Liberty Loan in the Kansas City Star:

"The government of the United States is asking us Americans, is asking us, the citizens of the United States, to subscribe to the Fourth Liberty Loan, a bigger loan than any yet issued. It is our duty to back up the government by floating the loan. Moreover, the performance of this duty should be treated by us as a high privilege. It gives us a fine opportunity to put our shoulders with all the strength we have in to that great shove which is pushing the German barrier back across the Rhine."

"The Liberty Bonds are the best of all possible investments. The security and their interest returns give them a peculiar position. Moreover, everyone can invest in big or little amounts, exactly as his resources permit. All the people of this country can now become bondholders if they wish. Therefore, all investments in the bonds will get benefits, but what is vastly more important they will give benefits. They will

## FARMERS AND THE LIBERTY LOAN

The Morgan county allotment of bonds in the next Liberty Loan has not yet been announced but it is fairly certain that the sum will approach \$1,500,000, because the total loan will be several billions larger than any of the previous loans. It is generally recognized that the bulk of this county's share will be taken by farmers.

In previous bond campaigns and in war savings certificate sales the farmers of the county responded in a noble and patriotic way. In the present instance there is no question but what they will come forward and subscribe their full share of the bonds. Patriotism demands this course on their part and there is the further recognized fact that the bonds offer such splendid opportunity for a safe, sure investment with a liberal interest rate.

A knowledge of local conditions also leads to the statement that the farmers of this county can well afford to take the lion's share in this investment. True, there are some difficulties today in farming operations. The prices of farm implements have increased but nevertheless livestock and crop conditions are very satisfactory. The government has guaranteed the wheat price and while there is no absolute guarantee as to livestock prices, assurance has been given that a price will be maintained which is quite in accord with the value of grain.

Weather conditions this past year have been generally satisfactory, with the result that the total crop value and the value of the total livestock holdings of the county are far in excess of any previous year. Farming is the main business of this county and a large percentage of the people are directly interested in the farms. So that it is quite proper to make the statement that the farmers of Morgan county will doubtless take the larger part of the county allotment in this Liberty Loan.

thereby render service to the country.

"We Americans are not and must not permit ourselves to become swayed by questions of material gain in this war. We must keep our minds fixed on what we owe to others, and what we owe to ourselves. We owe a service to humanity. Our sons and brothers of the front pay this service in blood. The rest of us must pay it in money."

"Americans are not quitters. The Kaiser's troops cannot stop our men at the front. Nothing must be permitted to stop the flow into the treasury of the money with which we back up these men. Sloth and easy living have no place in America now. We must give, give to the utmost. If putting our money at the disposal of the government requires us to work harder and live more simply, we shall be the better for it. Let us buy these Liberty Bonds to the utmost of our capacity and thereby show the men at the front that the people at home will back them to the limit."

## DO WE WANT PEACE?

(Written by Robert Herrick for the National Security League.)

All sane men long for the day of peace. The supreme object for which men are fighting by millions is peace. Every hour of war consumes a vast toll of lives and treasure, imperils and impoverishes the highest interests of mankind.

Can we get peace now? Yes, a peace of virtual surrender, such as could be obtained from the successful bandit, might have been had any day these past four years. A peace which would consecrate crime. A peace which would leave the criminal triumphant, no matter how skillfully camouflaged by the diplomats. A peace which would sow bountifully the seeds of a worse war to be fought by ourselves or our children. That kind of peace can be had for the asking any day. But no sane man, when he understands what it means, wants that kind of peace.

When can peace—a real peace—be had? Not until those rulers of Germany who made this war, and have conducted it like cynical barbarians, are wholly repudiated by their people. A few of these leaders have been dismissed by the German emperor, but who have betrayed the slightest taint of liberalism. The cynical gang that planned the war, that broke faith with nations that defy every human decency, are still all powerful in Germany. No peace worth calling peace can ever be made with the present imperial government of Germany.

There are no signs yet worth credence of their immediate loss of power. There are no clear indications yet that the German people are sick of these rulers; that they are alive to the crime and folly to which they have been committed for four years—and more. And, what is worse, there are as yet no credible proofs that the German people have repudiated in their own souls the vile philosophy they have been subtly taught and are now so brazenly practicing. When the day comes, as it must come, when the German nation demonstrates to the outraged world by repudiating its guilty leaders and by plain renunciation of their principles that it has at last awakened from its predatory dream, then, and not until then, peace will come.

For all those who believe in the possibility of an enduring peace among nations, for all those who ardently long for the day when humanity will substitute law and reason for violence and trickery, the way to that peace in which they have faith is to fight steadily on, refusing to accept less than the full reward of their sacrifices, and, by the ever closer union of the peoples resisting the enemy's pretensions, demonstrate the possibility, the actuality of the co-operative commonwealth of humanity, where war will no longer be tolerated.

## BELGIAN RELIEF DRIVE

The Commission for Relief in Belgium has asked the American Red Cross to collect five thousand and 5000 tons of used and surplus clothing for the Belgians. The request has been gladly received as the Red Cross welcomes the opportunity to render such a needed service.

Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm cotton flannel and other kinds of cloth from which to make garments for new-born babies. Woolen goods of any kind whatsoever are acceptable—men's shirts and pajamas so worn or shrunken as to be no longer serviceable, as the material can be utilized in making children's garments. Shoes of every size are asked for. Scrap leather is needed for repairing footwear.

Garments need not be in perfect repair. One hundred thousand and destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar. Anything sent must be clean, strong and durable.

## Garments Needed.

## Men's Wear

## FROM COUNTY AGENT'S OFFICE

Wheat Smut and Seed Corn Demonstrations — Wheat smut and seed corn demonstrations have been arranged for the vicinity of practically every elevator in Morgan county for this coming week. Circular letters have already been sent out to the members living in the southern part of the county and arrangements have been made for the times and places over the telephone.

Demonstrations will be given at the McCarty Farmers' Elevator, Yeomans' Elevator, Franklin, Rees, Clements and Murrayville on Monday. Any farmer living in the vicinity of one of these elevators can find out when a demonstration will be given by calling up the elevator.

Prices for Corn Husking — At a meeting of representative farmers from various parts of Morgan County on Saturday it was decided to co-operate with Sangamon and the neighboring counties in establishing a uniform price for corn husking. The prices agreed upon are as follows:

6c per bushel and board.

6s per bushel where employer furnished house, garden, milk, chicken feed, etc.

7c per bushel where employee boards himself.

In cases of extremely weedy or low yielding corn, an adjustment in these prices should be made to suit individual cases.

There is a limited supply of shuckers this year and the shucking season may be longer than usual, but farmers are urged not to endeavor to secure shuckers by secret agreements to pay confiscatory wages.

Report your corn shucking needs to the Farm Bureau and an effort will be made to supply the men.

"Fourth Liberty Loan starts September 28th—get ready."

NOTICE TO REGISTRANTS

The legal adviser board of Morgan county and its associate members, which includes all the lawyers in the county, have made the following arrangements for advising and assisting registrants in answering questionnaires.

All registrants desiring assistance are requested to come to the circuit court room at the court house where a representative of the board will be stationed who will give each registrant the name of the attorney and the location of his office who is assigned to assist him. The registrant will then go to the office of the attorney named and there receive the desired assistance and advice.

This plan we hope will facilitate the work by distributing it more uniformly among the lawyers. Registrants are requested to carefully read all questions in the questionnaire sent them and be able to give correct answers thereto.

Owen P. Thompson, Chairman of Legal Advisory Board.

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as tho I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of

Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."

## GOOD WORK BY MISS EVA HAMMOND

Miss Eva Hammond, who occupies the position of assistant superintendent of works of art and hand work in the public schools of Springfield, Massachusetts, has achieved considerable fame in her line for original work. Not long since she conceived and worked out a plan for pastels paper constructive work and placed it in the schools under her care. There were many obstacles to be overcome owing to instability of pastels work and various other objections and these the young lady overcame in a skillful manner and her paper presented to the department's head, C. E. Newell, was so excellent he at once insisted that she write a series of articles for a magazine, called Kindergarten and First Grade, published by Milton, Bradley & Co., and occupying a prominent position in New England.

Miss Hammond consented and during the entire year of ten months which the publication is issued her articles, duly illus-

trated, will appear. The first one is already out and reflects much credit on the young lady, another of the young people of Jacksonville who have gone forth to make good.

### WATER COLOR MAP SHOWS WAR FRONT

Large Size Map in Colors on View at Ayers National Bank—Work of T. C. MacVicar.

A splendid map of the European war front on view Saturday in the corridor of the Ayers National Bank. The map is the work of T. C. MacVicar and gives a very clear idea of the battle line and any one studying the territory can quickly grasp the location of present fighting, who has been accounted by the allied armies in pushing back the Germans and the great task that remains before the fighting is on German soil.

Mr. MacVicar has painted a line to show the farthest point of advance the Germans have made into French and Belgian territory. This will remain permanently on the map. The present Hindenburg line is indicated by a series of large headed painted tanks. These can be moved about to indicate any change in the battle line. This line now runs near Ostend, Cambrai, Rheims, Laon, Verdun, and the other towns now mentioned in the reports from the front.

In addition to showing the French, Belgian and German territory, the map also gives the British channel, British Isles, the North Sea, the Baltic and other waters lying to the northeast. The location of the various allied forces and the parts of the 155 mile front that the allies are holding are indicated by flags of the allied nations. These flags can also be moved from time to time to indicate any change in position. Altogether the map is one in a way which gives both a relief and prospective view of the battle front and extensive territory thereabout and anyone who reads it cannot but get a very much better idea of the relative positions of the opposing armies and that task which each has set out to do than can be gained from reading or from a study of the average map.

As indicated, a view of the map makes very plain how herculean a task the allies have before them in forcing a way to Berlin or even to the Rhine. True, the point the allied forces are now not more than 15 or 20 miles from the Rhine, but generally speaking the allies of France, England and America must advance several hundred miles before they will reach the Rhine.

Mrs. H. L. Griswold is in Quincy to visit her sister, Mrs. G. H. Wilson, and attend sessions of the M. E. conference. Mrs. W. H. Taylor is also in Quincy for conference sessions.

### FUNERALS

**Taylor.**  
The funeral of the late Mrs. Thomas G. Taylor was held at the home of Misses Effie and Laura Griffith in Rushville. The remains having been taken from Los Angeles to Rushville by J. C. Nelson. The service was in charge of Rev. H. W. Stillman, pastor of the Rushville Presbyterian church, in which Mrs. Taylor had held membership for so many years. The pastor read passages of scripture and then a tribute in verse, written by Mrs. Ida Scott McKinney, daughter of the deceased, was read. Miss Effie Griffith, after a solo by Miss Henrietta Scripps the minister paid a fitting tribute to the beautiful and useful life of Mrs. Taylor. The assemblage of friends was unusually large because Mrs. Taylor was so well known in Rushville and vicinity. There were many beautiful flowers, indicating the esteem of friends in both Illinois and California. The bearers were John Houston, John Little, Clarence E. Taylor, S. L. DeWitt, Willis Babcock and Henry Reeve.

Friends in Jacksonville were unable to attend the funeral because of their failure to receive a telegram.

### TO BANKERS' MEET

Miller Weir will leave tomorrow for Chicago to attend the sessions of the American Bankers association. Mr. Weir's connection with the banking department of the state auditor's office makes his presence at the bankers' convention desirable.

### A FINE RECORD.

The Red Cross Society of South Jacksonville has made an excellent record in the work during recent months. The society has turned over to the Jacksonville unit 24 sweaters. Members of the South Jacksonville organization are thoroughly interested in their war work.

### AT THE OREAR HOME

Mr. and Mrs. George Orear are entertaining at a week end party at their home, east of the city. Miss Ursula Fawcett, Helen Bennett, Felix Farrell and John Strawn.

### WARRANTS READY

For all claims that have been allowed by the Board.  
C. A. BORUFF,  
County Clerk.

### SUNDAY GAS FOR LIBERTY LOAN WORKERS

The Liberty Loan workers have been advised by Chairman Compton of this federal district that a special order issued by the fuel administration exempts Liberty loan workers from the Sunday gasoline request. This order means that Liberty Loan workers will be acting with entire propriety next Sunday, Sept. 29 if they use their cars in Liberty Loan campaign work. It is of course expected that workers will be entirely consistent in this matter and will not use their cars unless the need really exists.

Mrs. Ralph Mangold and daughter Virginia will arrive today from Mason City for a visit at the home of Mrs. J. W. Litter, 1326 West State street.

## TWENTY-TWO MEN WILL GO TO SOUTHERN CAMP

Next Scott County Contingent Named—John Kelley, Aged Resident, Dead—Funeral of Mrs. Lyons Held Saturday.

Winchester, Sept. 21.—The following Scott county men will leave between Oct 7 and 11 for Camp McClellan, Ala.

### Death of John Kelley.

John Kelley passed away at the home of Nathan Hamilton west of the city Friday morning at 4 o'clock. Deceased was an aged resident of Scott county and had been in failing health for a long period, death following a second stroke of paralysis. He is survived by three daughters and two sons, one son, Brazil Kelley is now in the army located at Camp Dix, New Jersey, and awaiting orders to sail for overseas service. Arrangements for the funeral have not been made.

Miss Vivian Brengle is to leave Sunday for Chicago and Rockford to visit relatives and friends.

Mr. and Mrs. Ray Wallace arrived Saturday from St. Louis. Mr. Wallace will leave Monday for Jefferson Barracks, from whence he will be assigned to duty in the limited service branch of the army.

### Mrs. Lyons Funeral.

The funeral of Mrs. Ann Lyons was held Saturday morning at 9:30 from St. Mark's Catholic church. Rev. Father Bell officiating. The church was filled with relatives and friends who had gathered to pay a tribute of respect to the deceased, who was one of the county's best known and highly respected residents. The floral offerings were in charge of Mrs. Joseph Brown, Mrs. Agnes Kenney and Miss Nellie Lashmet. The bearers were Walter Brown, Camp Taylor; grandson; Lee Brown, James Brown, Jr., Stephen L. Guinane, James McCabe and John Gotsell. Among those here for the services were J. W. Mrs. William Coultas and daughter Ruth and Mrs. W. H. Kinison were Jacksonville visitors Saturday.

Miss Maurine Mader will leave Sunday night for Decatur where she will again enter Milken University for the fall term.

Mrs. George Friday of Mt. Sterling has been visiting at the home of her son, Perry Bump, and family.

### RED CROSS PLEDGES

If your Red Cross pledge has not been paid take care of this matter at once. Morgan county people subscribed \$76,000 to the Red Cross fund and only \$45,000 has been paid in. Remember how essential to the progress of the war and to the comfort of the soldiers at the front this Red Cross work is. Duty and patriotism both demand that Red Cross pledges be given immediate attention.

### MATRIMONIAL

Miskell-Nicholson.

A wedding that will come as a surprise to many, was that of Miss Maud Miskell of this city, and R. B. Nicholson of Springfield, which was performed in that city on September 20, at 3 p. m.

The bride is the eldest daughter of Mr. and Mrs. M. D. Brisenline of 531 Reid street, and has made this city her home practically all of her life having attended the Jacksonville schools. The young people will reside in Springfield and expect to go to housekeeping at once. They have the best wishes of their many friends.

### WITH THE SICK

Frank Caldwell of West College avenue is sick at Passavant hospital with typhoid fever. Mrs. Guy Lyon, who is a patient at Our Savior's hospital, is still very ill and recently has not shown the improvement for which her friends have hoped. W. A. Crawford, who has been ill at Passavant hospital with typhoid fever, for a number of weeks, is now showing some improvement. However, it will take another week before the patient can be said to be out of danger.

### A MISSIONARY TO MEXICO

Twenty-five years ago a devoted Christian lady, Miss Susan Jones, went as a missionary to Mexico. She learned the language like a native and became very useful. A few years ago she married a man named Arevelos, a faithful promoter of religion among the people and together they have wrought faithfully for the welfare and uplift of the people.

In a recent letter to a friend in this city Mrs. Aravelos gives a gloomy view of affairs in the southern republic. War is the order of the day; matters are fearfully unsettled and great opposition is shown by the missionaries and their work. The country is in such a sad condition that the life and property are unsafe in many cases. Her address is 7 a de Bravo, No. 55 Morelia, Mexico.

The place is some fifty miles from Mexico City, the capital of the land and possesses many natural advantages if only intelligence, capital and wise, safe government could obtain in that unhappy land.

# The Danger of Money

Money is dangerous in its spending. A lot of money and no character has ruined many a man. To worship money makes a miser. To be ignorant of its importance is to be a gambler or a spendthrift. To have common sense about money is what is meant by thrift. Money plus wrong character has ruined many. THRIFT NEVER HURT ANYBODY. It has saved many.

**Free Proof To You**

All I want is your name and address so I can send you a free trial treatment. I want you to try this treatment—that's all—just try it. That's my only argument.  
I've been in the drug business in Fort Wayne for 30 years, nearly everyone knows me and knows about my successful treatment. Over six thousand five hundred people outside of Fort Wayne have, according to their own statements, been cured by this treatment since I first made this offer public.  
If you have Eczema, Itch, Salt Rheum, Tetter—never mind how bad—my treatment has cured the worst cases I ever saw—give me a chance to prove my claim.

Send me your name and address on the coupon below and get the trial treatment I want to send you FREE. The wonders accomplished in your own case will be proof.

**"LEST YOU FORGET"**

The autumn wind is chill, it whistles through our tattered coats, and our voices are hoarse and shrill. When we stop and ask ourselves where has our summer's wages gone; where is our winter's coal? What are we going to do to keep warm?

**THE ANSWER: Go to No. 416-30 West State St. and buy one of those nobby Ford Sedans, that C. N. Priest, the Ford Man, has on display. It will keep you warm and dry and as he only has a very few left it will pay you to see him early. After Jan. 1st, 1919, the Ford Motor Co. will be on the 100 per cent basis, in making war materials. Don't delay. A word to the wise is sufficient. The Ford is the only ALL WEATHER CAR. You can drive it all winter, all summer, all the time, at less cost of upkeep than any other car.**

## MAVERICKS

We tried our best to woo the Muse

But the shy old girl would not enthuse,

Then we headed Pegasus down the pike

And the blamed old steed refused to hike.

The dove of peace will be permitted to sit unmolested for two years anyway.

Despite the fact that woman's suffrage is becoming more and more recognized, it is evident from the result of the trial of Blanche Wilson in the county court yesterday and some men still regard them as the weaker sex.

According to a ruling by General Crowder, Congressmen are exempt from the draft, tho the country would be better off if some of them were in the trenches instead of congress.

**An Unsolved Mystery.**

The government, operating the postal service, charges you 15c for delivering a package weighing 15 pounds from Springfield. At the same government, operating the express service, charges you 35c to deliver you the same package from Springfield. Most of the extra 15c of course goes into the pockets of owners of stock in the express companies.—Warren Luttrell in Franklin Times.

Chief Hunt is learning to play solitaire so that when he is the whole fire department he can entertain himself.

We learn that McAdoo has allowed an increase in express rates. People wouldn't care how high the rate is if service could be secured. However, under present conditions, there is practically no service and but little prospect of relief.

That was a fine resolution. Mr. Williams presented to the Democratic congressional convention last week. However, he gave the administration all the credit for the conduct of the war. He did not seem to know that the Republicans had a large part in making the administration's plans a success by supporting the President when some of the prominent members of his own party were in opposition.

Mr. Williams also asked all loyal Democrats, and Republicans too, to vote for J. Ham Lewis for United States Senator. We are wondering if all Republicans who vote for McCormick will be considered disloyal.

**Two Chords Make Discord.**

Anna Chord has filed suit in the Sangamon county court against her husband, Arthur E. Chord for divorce.

And Don't forget the Liberty Loan.

## FARM PROPERTY

Although labor is scarce many men already gone to war and many others recently registered, we have more arm buyers than of any previous time. Just closed a deal for one of the best farms in the county. Besides these listed below we have many other farms to offer that still look like good investments. It is not so good a time to buy as it was five, ten, twenty, or fifty years ago but it is a better time to buy than it will be five, ten, twenty or fifty years later. Do it now.

No. 50. Four and one-half miles south of Woodson, 160 acres timber soil, mostly level farming land, well fenced and well watered. There is a good six room house, barn for eight horses, large corn crib, silo and feeder shed and other buildings. Will take a residence property in exchange. Price \$150.00 per acre.

No. 51. 80 acres four miles from Lena, Wisconsin, near church, and school, eight acres in timber, balance in pasture and cultivation. This is highly productive land and is only for sale because the owner is called to the colors. There is a good eight room house, basement under all. **Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition**

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food. Given the right kind of medicine any tired-out, inactive, lagging fellow can quickly be made into a real, live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feren at any drugist.

This is the new discovery that pharmacists are recommending because it is not expensive and speeds up vigor and ambition into people who despaired of ever amounting to anything in life.

People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have regained their old-time confidence

and energy in less than two weeks.

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package of Bio-feren at once. Take two tablets after each meal and one before bed-time—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycophosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Gentian; Phenolphthalein; Oleacein; Capsicum; Kola.

## CHARLES RAY IS VISITING MOTHER

Is Here from Los Angeles, Calif., to Spend Vacation—Other Literberry News.

Literberry, Sept. 20.—Mrs. J. A. Litter and Mrs. Durrell Crum will go to Louisville, Ky., this week for a visit with friends, also to spend part of the time with their son and brother, Edward, who is in camp.

Next Sunday is Missionary Sunday at the Baptist church.

Mrs. Warren Daniels and Freda May are taking their vacation, and are spending some of the time at "Cedar Ridge," with the Lowdens.

Miss Edith Scribner is at Harmony Cottage this week visiting home folks.

The first swell dinner of the season came off on Tuesday at Crum Villa. Mrs. Crum invited some of her friends to her home to a twelve o'clock dinner. The Crum home is spacious and comfortable, and the hostess and Mr. Crum are both very good company, so, of course, we were well entertained. The dinner was not a war dinner, but was like all other Literberry spreads, just the very best. The company were very taken care of and all had a very pleasant day.

Charles Ray of Los Angeles, Cal., is a guest at "Cozy Cottage." Mr. Ray is taking his vacation and will spend a part of the time with his mother, Aunt Mat Henderson.

Mrs. Will Murray of Sunny Slope, Sweet Brier Ave., was out Thursday afternoon calling on her friends. Mrs. Murray is looking well, and we believe it is all owing to that prescription given her by her Chicago doctor, "a diet of honey."

John McFadden of the Grace Chapel neighborhood was in our town Thursday on business. John is always smiling and ready with a kind word to all his friends.

Our little friend Eugene Young has given us his report of his first week at school; here it is. "Karty, school is just fine, why don't you go?"

Mrs. Clarence Hopkins came home last Tuesday from Passavant hospital after a siege of typhoid fever for eight weeks.

## MUST NOT RELAX IN SAVING OF FOOD

Persons who have pondered over the slogan, "Food Will Win the War—Don't Waste It!" and have thought, perhaps, that it implied an indirect possibility, but that it could not be accepted as literally true, should quickly correct their ideas.

So suggests James Simpson, vice president of Marshall Field & Co., Chicago, who has just returned from the war front in France where he completed a most important commission in organizing the work of the American Red Cross. From first hand observation Mr. Simpson has come to appreciate the gigantic importance of voluntary food conservation by the American people in its relation to final victory.

"The housewives of America, loyally united in a self-sacrificing campaign during the last year to save wheat, meat, sugar and other necessities for the army and the civilian population of France, Belgium and Great Britain, can take individual credit for achieving a wonderful result," stated Mr. Simpson.

"I was told by many destitute patriots over there to deliver a message of utmost gratitude to the people of America who have proved, by deeds, as well as words, that their hearts are with the defenders of civilization on the firing line."

"And it was so interesting to note how the advice against wasting of food in our own land is being adopted in France and Belgium. It is for those people, living in a land of prosperity under normal conditions, but now experiencing the most extreme degree of desolation due to the ravages and cruelties of the hated Hun, that we are called upon to save food here. Everything we send them is guarded zealously and with characteristic thrift every pound of wheat and meat is made to yield a 100 per cent value as a sustaining food ration."

"In reviewing our progress in food production and conservation, many Americans might be inclined to relax efforts to keep up the good work. This should not be done!"

"We must not forget that the end is not yet in sight. Even though there may be an easing of the regulations regarding the use of wheat substitutes, the voluntary determination of every housewife to keep up the effort that has been started will count for tremendously enlarged results. Our sacrifices over here have been but a mite in comparison with the heroic sufferings in Great Britain, France, Belgium and Italy. As a nation it will do us good to extend our tendencies toward self-denial, even though we are not now called upon to do so."

Who can tell how much the food America has sent overseas has had to do with the glorious successes of our own fighting boys between Soissons and Rheims and all along the western battle front?

"Fourth Liberty Loan starts September 28th—get ready."

JUDGE JONES HERE TO CLOSE COURT TERM

Orders Entered in Number of Cases—Finding in Masters Land Case—Injunction Against Jefferson Hotel Building Made Permanent.

Judge Norman L. Jones, was here on Saturday to hear motions on a number of cases and to close up the business of the court for the term.

The suit of the Kelly Produce Co. vs. Chicago & Alton railroad, was dismissed. The report of sale was approved and decree entered in the partition of the property.

The divorce suit of Hazel Jones vs. B. H. Jones, was dismissed. The report of the master's report was approved.

In the partition suit of John Graff et al vs. Freda W. Klotz, the decree confirming the partition was approved and the case stricken.

In the foreclosure suit of Guy Adford et al vs. Jesse Witherbee, the bill was dismissed by the court.

The court entered an order in the divorce suit of Olive Pires Charles Pires, directing that defendant pay the sum of \$100 to the grandmother of his children by October 1, this payment to be in accordance with a previous order of the court.

Masters Land Case. One of the most interesting cases which came up for consideration before Judge Jones was that of Mary Masters Newcomb et al vs. W. R. T. Masters et al. Judge Jones has entered an order dismissing the complainant's bill for equity. Then notice was given by the complainant of an appeal to the supreme court and appeal petition was granted.

In this case Mrs. Newcomb and M. Masters sought to acquire to a large acreage of land in the Murrayville precinct in which R. T. Masters has a life interest. It was the claim of the complainants that because W. R. Masters had leased the land for a long period of years and some special terms to satisfy financial obligations, that in effect encumbered the land and therefore had not met the provisions of the will. Judge Jones held that no effort had been made to show that the term lease was not equitable and he said further that the lease was for the care of build- ings, as provided in the will, therefore held that the lease defendant entered into with R. Dunlap was not contrary to the provisions of the will. Judge Jones acquired an interest in the realty. In the liquor injunction upheld. In other order or considerable was that entered by the court in that of Edward J. Brundt et al vs. Thomas Hennessey. Judge Jones made for petitioners. This order means

WOMEN PLANNING FOR BOND CAMPAIGN

Will Aid in Every School District—Liberty Loan Service Flag Parade A Big Feature—Organizations And Individuals Co-operating.

Judged by the enthusiasm of the women workers who met at the public library Saturday afternoon, the fourth liberty loan campaign is going to start with an enthusiasm which will bring it to a happy and successful conclusion in about 24 hours. The persons present met at the call of Mrs. C. A. Barnes, who is in charge of the women's organization for this liberty loan campaign.

There were representatives from every precinct of the county, and as well as formal reports presented indicated that in a number of school districts subscriptions toward bonds have already been made. Mrs. Barnes mentioned that the Catholic Ladies' Aid society here had already decided to purchase a \$100 bond and Mrs. Barnes suggested that this action could well be taken by women's societies and clubs throughout the county. While of course, the large subscriptions must come from individuals, the subscription by organizations will add to the general interest and furnish further evidence of the genuine interest of the public.

In this campaign the women's and men's organizations are working together simply sharing in duties and responsibilities. There is, therefore, no rivalry, only a common purpose to accomplish the same good ends. H. M. Capps, who has general charge of the Morgan county campaign, was present and briefly outlined the campaign plans. As already indicated, an extensive organization will reach out into every voting precinct of the county and include the lesser areas of each of the 107 school districts of the county. Churches, schools, women's organizations, clubs, societies, lodges are all co-operating with individuals for this campaign. Great stress is being laid upon volunteer days, which according to the liberty loan organization plan are Sept. 28, 29 and 30.

Sales Director Rogers' slogan of "General Pershing went over the top in 27 hours. Let's put Morgan county over in 24," sums up the general campaign spirit and the women and the men are both fully determined that this slogan will be realized. Service Flag Parade Plans. At the meeting yesterday Mrs. Barnes explained in some detail the Fourth Liberty Loan Service Flag Parade which the women have planned for next Saturday, Sept. 29, as a publicity feature for the liberty loan. The wives and mothers of men in the army service are requested to take part in this parade. They will assemble at State Street church and march to the square and around it. Each woman is expected to wear a service flag pinned across her chest bearing one or more stars as the case may be. It has been decided that no woman shall be invited to take part in this feature unless she is the wife or mother of a man already in the service. Jacksonville women and those from all parts of Morgan county are now being urged to take part in this parade, which will undoubtedly be a very notable event. The line of march is short and nearly any woman can readily walk the required distance.

It is possible that Four Minute men will make brief addresses on the square in connection with this parade and there will also be some community singing or other special musical features. While the matter was discussed at some length Saturday, only preliminary announcement of arrangements was made and there will be a further meeting of the committee at the library next Tuesday afternoon at 2:30 o'clock. Below is a list of names of the women who have active charge of the preparations for the service flag feature and also those who are active in other preparatory work for the campaign. WOMAN'S COLLEGE NOTES

Unusual interest was manifested in the opening Chapel exercises this year. A splendid lot of new students, Freshmen and a number of advanced students together with a great many of the old students were present. The new Dean and the Vice-President were introduced and addressed the students briefly.

The two French girls, the Mills Marthe Pohn and Ernestine Porcher are expected to arrive this morning from New York. The faculty and students will make these girls feel perfectly at home and are planning a number of pleasant surprises for them.

Courses in swimming in the new gymnasium will start after the gymnasium work has been organized. Miss Stanwood, the Director of the Physical Culture Department is busily engaged in arranging schedules and planning the work of the year. The Physical Department expects to develop more and more until it will be on the same basis as the other special departments.

Miss Walker announces a special Survey Course in Cookery which is to open to high school graduates even if they have been out of school for some time. The course counts two hours on college credits and meets Wednesday and Friday at 2:15 to 4:15. This is a very interesting course of study and is arranged in conformity to the suggestion given by the Food Administration. The work is organized and is going to be given so that any who are planning to take any special work of this kind should see Miss Walker at once and make preparation for the beginning of the course.

Mrs. Clark Burd and daughter of Wichita, Kansas arrived Saturday morning. Miss Burd enters the regular Freshman class and is planning on a straight four year college course.

The Young Women's Christian Association held a reception for the new students Saturday evening in the new gymnasium. This is an annual affair and one that is always looked forward to with the greatest of pleasure by the new pupils. It gives every one a chance to get well acquainted and help break up the loneliness that comes to many at the opening of school. A delightful time is anticipated by all.

Thomas Graves' sale, September 26th, starts at 1:30 p. m.

HEBRON SCHOOL SOCIETY ORGANIZED

The Hebron School of Sinclair, of which Miss Mildred George is the teacher, formed a society which they named the Hebron Sunshine Band. The purpose of the organization is to do Red Cross work. The following officers were elected: President—Chester Stewart. Vice president—Louetta Stice. Secretary—Jason Fox. Assistant secretary—Mary Louise Fox. Treasurer—Jewel Phelps. Program committee—Louetta Stice, Jewel and Mary Phelps.

WILL ARRIVE THIS MORNING

Three French girls, Mille Celine Szumlanska, Martha Posin and Ernestine Porcher who are to attend school in this city will arrive here this morning. The first named goes to Illinois college and the other two to Illinois Woman's college. Their arrival is being looked forward to with interest and they will receive a warm welcome both from the pupils and faculties of the institutions and also from citizens in general.

AGED COLORED WOMAN FOUND DEAD

Mrs. Betty Harrison Dies at Home 739 Goltra Avenue—Lived Alone and Had Been Suffering from Rheumatism.

Mrs. Betty Harrison, aged 80 years, was found dead at her home 739 Goltra avenue about 9 o'clock Saturday morning. Mrs. Harrison lived alone and a nephew and niece were sent to her home Saturday morning on an errand. They found her lying on the floor and gave the alarm. A number of neighbors were summoned and Dr. A. M. King was called. Dr. King made an examination of the body and gave as his opinion that Mrs. Harrison had been dead for several hours.

Coroner Rose was notified and took charge of the body which was later removed to the undertaker's parlors of J. G. Reynolds and prepared for burial. An inquest will be held at Reynolds' this morning.

Mrs. Harrison was one of the old residents of Jacksonville having resided here for many years. She had been in her usual health Friday, the neighbors said she complained of having an attack of rheumatism. It is also said that at times she suffered from acute indigestion. She is survived by two daughters, both residing in Peoria, one son who is in service in France, and one son, McKinley Harrison, of this city.

CAMP NO. 912, M. W. A.

All members are requested to meet in Woodman hall this afternoon at 2:30 o'clock to attend the funeral of our late neighbor, Harry A. Frye. Members of Camp No. 132 invited to attend. Services at Northminster church at 3 o'clock.

AN APPEAL FOR THE LOCAL Y. M. C. A.

Secy. J. S. Findley of the Y. M. C. A. has issued the following letter in which appeal is made to the public for the active support of the local institution: Dear Friends,—

These are days of action and intensive living. We hear much of high production, careful conservation and big drives. All of these things require manpower and money. We now have more than one fourth of our members in the service. We have two gold stars on our service flag. We are bending our efforts to raise millions of dollars to do welfare service for the army and navy. The morale of our boys is largely kept by being assured that the home folks really care and are doing their very best to serve and keep up the home institutions as well as loyally backing our government.

Now our local Y. M. C. A. is a very necessary factor in this case, because it was the local association that produced the men who have created and manned the army and navy. Thus we cannot afford to neglect our local Y. M. C. A. and the service it renders to those who come. However, some are failing to attend classes or keep up their dues. I do not believe that our members "over there" will be quite as proud of those who fail to do their best to help here and over there, too.

Come, now, renew your interest in the Y and get into some gym class. Bring your friends along. We need every man and boy in this community and I feel sure that you need the Y and what it stands for. Let us get together and boost all Y. M. C. A. activities so that we may be kept morally and physically fit. Let us be the benefit of your suggestions and active co-operation.

Yours sincerely, J. S. Findley, General Secretary.

MEETING TODAY FOR BURLINGTON WAY

Meeting at Dunlap Hotel This Afternoon for Purpose of Completing Plans for Burlington Way Convention.

A meeting will be held at the Dunlap Hotel this afternoon at 2 o'clock for the purpose of completing plans for the Burlington Way convention to be held at Rock Island, September 27.

Plans also will be perfected for entertaining the southern delegation which will arrive in Jacksonville Wednesday evening. The plans for this event include a banquet in the evening followed by a big mass meeting in the court house.

A number of well known speakers have been secured whose names will be announced later. It is the purpose of the good roads enthusiasts in Morgan county to get behind the bond issue in earnest and they expect to put the votes over the top when the votes are counted.

Wednesday morning four cars will leave Jacksonville for Greenfield to meet the southern delegation and escort them to this city. The Red Cross quarter will make the journey in one of these cars and will furnish music for the meeting at Greenfield. It is also expected that the young ladies will furnish music at the Jacksonville meeting.

Roy Craig has received a letter from H. C. Wilhite, secretary of the Burlington Way to the effect that four cars will make the journey from St. Paul, Minn., to Rock Island. It will be the purpose of these delegates to present argument for the extension of the Burlington Way to Duluth.

It is earnestly desired that a large number attend the meeting this afternoon. Last year Jacksonville took the largest delegation to Springfield that had ever attended a Burlington Way convention from one city. It is hoped that Jacksonville maintain her reputation and take another large crowd to Rock Island.

RESUME WORK

The Pastoral Helpers of the Central Shristian church resumed their work for the Red Cross and the Belgium and French Relief work Sept. 15, after a month's vacation. They have delivered one hundred and six surgical shirts, six convalescent robes, fifty property bags, twenty comfort kits, seven ladies chemise, sox and handkerchiefs and are now

starting on their quota of b. pants and shirts. No record has been kept of knitted garments. Every other week has been given to Home Defense work. Complete layettes, gowns, children's clothing and other articles have been distributed through the Social Service League. Four outdoor robes were made for the Josephine Milligan school. Sheets and convalescent robes were made for Passavant hospital. This work will continue through the winter as needed.

## COLLEGE GYMNASIUM TO BE USED FOR MESS HALL

Decision Reached After Visit of Lieutenant Miller, United States Army Inspector—Old Club House Will be Abandoned.

After a visit of inspection Saturday by Lieutenant Miller of the U. S. army the plans for enlarging the old college club house for a mess hall were abandoned and the College gymnasium will be used instead. This decision was reached after a canvas of conditions and a thorough discussion of the matter with President Rammelkamp.

Lieutenant Miller came to Jacksonville as a representative of Captain Benoit who has charge of all colleges taking up military training in the states of Illinois and Missouri, including the University of Illinois. Capt. Benoit's headquarters are at Columbia, Mo., the seat of the University of Missouri.

It is the duty of Lieut. Miller to inspect the housing and subsistence facilities of the colleges that have been selected for military work. The matter was gone over in detail with President Rammelkamp. It was decided to remodel the gymnasium for use as a mess hall. This decision was arrived at because of its convenient location and also because of its adequate space.

The main room of the gymnasium will be used for the mess hall. Workmen will commence the removal of partitions and other changes Monday which will put the building in shape for the use intended. It is expected to have it ready by October 1.

President Rammelkamp said last night that the use of the gymnasium for a mess hall would not prevent its use for the usual social events. Dr. Rammelkamp said that the tables could be easily set on one side of the room and would take up but little floor space. He also said that perhaps the tables might be used for study purposes.

## BUILDING NEARLY READY FOR OCCUPANCY

Jenkinson-Bode Grocery Building Nearing Completion—Will be Occupied About Oct. 1.

Contractor Joseph DeGoveia announced yesterday that the Jenkinson-Bode wholesale grocery building is practically completed and will be ready for occupancy about Oct. 1.

The old building burned last January. The work of wrecking the building was not commenced until April 1. Since then the work has been pushed with all possible speed but many delays have been caused by inability to get materials.

The finishing touches are being placed on the interior now and it is expected that the office force will be in the new quarters Monday, September 30. W. A. Jenkinson said yesterday that he hoped to be able to have a day of inspection so that the public could visit and inspect the building and see what a fine building had been erected. It is without doubt the finest building in the city and one that is not excelled in the state outside of Chicago. It is well worth a trip down to the corner of North Main and East North streets to see this structure.

Already Mr. Jenkinson has placed about ten car loads of groceries and other staples in the building and this quantity does not make much of an impression on the first floor.

For the first time in nine months East North street and North Main street are opened for traffic. Contractor Goveia has had a force of men busy for several days clearing away the debris and the locality is beginning to look natural again.

## INSPIRED IDIOTS.

Editorial: My candidacy for county commissioner has brought to the political surface one or two, or maybe more, inspired idiots who have seen fit to back my war record. One of them said that I never got further than Springfield during the entire civil war. Let those who want to be fair turn to page 479, Vol. 1, of the Adjutant General's Report and they will discover that this man has been making a jackass of himself. The record has it this way: "James M. Swales, Jacksonville, Illinois. Enlisted August 9, 1861, in Co. A, 10th Ill. Infantry; served three years, and then re-enlisted January 1, 1864, and served till the close of the war, ending his career in Andersonville prison, coming out of that den of horrors April 17, 1865. Discharged July 4, 1865."

Another idiot of the same class said, "I won't vote for Swales for the reason that if he is elected the people will be taxed to build a soldiers' monument." Now what do you think of that for an undisciplined ignorance? When told that the people voted for an appropriation to build a monument three years ago he said that was the first he had heard of it. He also added that he "was opposed to building monuments anyhow to any old soldiers." I am leaving my case in the hands of intelligent people and am willing to abide by their decision.

Respectfully submitted,  
**J. M. Swales,**  
Candidate for County Commissioner.

## A QUESTION OF POSSESSION.

When the late Mrs. Addie Williams died she left a piece of property known as the Frank Blair property in Chapin, to certain charitable organizations. The sale was announced to be held at a certain point in the town but Capt. Taylor concluded after the people had collected there that the property would bring a better price if the sale was conducted on the porch of the house, and he adjourned to that place and felt that he had done wisely in taking this action. The attorneys for the beneficiaries objected and tried to annul the sale, but it was confirmed by Judge Jones yesterday.

## THE POSITION OF THE FLAG

A lady called the attention of the Journal yesterday to the manner in which the flag is displayed. She said that it should be hung with the field to the left always. In many cases this is not done, even by people who are very patriotic but who have not learned the proper position of the star spangled banner.

## ILLINOIS COLLEGE NOTES

The college authorities received word from Washington on Wednesday that the French girl who has been assigned to Illinois College is Mlle. Celine Szumlan-ska. She is one of the one hundred and fifty girls whom the French government is sending to the United States to proceed with their education in various colleges and universities. Illinois College, like many other colleges of the country, has offered a scholarship covering tuition, room and board to one of these French girls. It is expected that the young lady will arrive sometime next week.

Students continue to register in the College each day, most of them being men who are applying for admission into the Student Army Training corps. There are now about one hundred and thirty such applicants and it is probable that the number will be still further increased by the time Captain Steinbrenner is ready to induct the men.

President Rammelkamp had a telegram from the War Department on Thursday asking for the recommendation of a physician for appointment as temporary army surgeon to make the physical examination of the candidates for the S. A. T. C. A recommendation was sent in and it is hoped that the appointment will be made within a few days so that the examinations of the men may begin next week. Captain Steinbrenner will return to the campus on Tuesday.

It has been decided to enlarge the club-house in order to accommodate the men. The kitchen will be enlarged and an addition will also be made to the dining room.

President Rammelkamp spoke briefly at the chapel exercises Thursday morning regarding the death of John W. Widenham '13. John was a very popular fellow while in College and some of the older students now in school were associated with him in earlier days. At the conclusion of the President's remarks the student body stood in silence for a moment out of respect for the memory of Mr. Widenham.

Joel Crouch returned from Fort Sheridan on Thursday. It is rumored that Raymond Wallace is very apt to receive a commission and that John Lee is also taking additional training at Fort Sheridan for some special work. It does not seem likely that either Wallace or Lee will return to the College.

Registration in some of the classes is naturally very large. 160 students are registered in beginning French; 130 in the course on Causes of the War; and 81 in beginning chemistry.

Word has been received from the War Department that coats and mattresses have been shipped, but the uncertainties of transportation make it doubtful to know just when these supplies will arrive.

The first meeting of the Devotional Association will be held at Academy Hall Sunday evening at six thirty o'clock. The Reverend W. E. Collins of the Congregational church will speak regarding life in army cantonments.

It is an interesting fact that two of the alumni of the College have been appointed members of the important Red Cross Commission to Greece. Edward Capps '37 is the chairman of the Commission and Carl E. Black '83 is the head surgeon.

Dean F. S. Hayden held the close attention of the students Friday morning as he spoke of the record of the Illinois men in the service.

## ATTENTION, ODD FELLOWS NO. 4

## I. O. O. F. COUNTY ASSOCIATION WILL MEET

Next Thursday will be a great day in the ranks of the Odd Fellowship in Morgan county. The Morgan county I. O. O. F. associations are to have the annual meeting at Odd Fellows hall in East State street and the Rebekahs in the West State street building. A business session will be conducted at 5 o'clock and delegates are expected from all over the county. The first degree will be conferred by Murrayville staff and the initiatory degree by Urania staff. Candidates for the initiatory degree are expected as follows: Meredosa 3, Woodson 1, Murrayville 2, Chapin 3, Urania 5, Illini 4. Grand officers are expected to be present and the sessions promise much of interest for the members and their friends. The Spillman trio has been secured for a number of musical features and this addition to the program will doubtless prove highly acceptable. Committees from both lodges have been appointed on refreshments and a fine time generally is expected.

## A LAYMEN AT THE CONFERENCE

Mayor Rodgers has returned from attending the conference at Quincy and brings back a good report of the sessions. He was much impressed by the speech of Chaplain Dancy who had been for more than a year in France. He spoke well of the morale of the men and said that the soldiers over there were greatly surprised at a temperate army. The hope is, said the speaker, that by the time the boys come back home the U. S. will be temperate. It is the expectation that there will be—but few removals resulting from this conference. It is probable that there will be a change at Brooklyn, where Rev. Theobald will probably be succeeded by Mr. Marshall of Armstrong.

The boys from the Chaddock school entertained the conference with songs which were very acceptable. Rev. Mr. McCarty is already very popular in Quincy. He has a large and beautiful church and is doing a great work.

Speaking of the boys in France Mr. Dancy said that there is quite a religious spirit there and that they like the old songs and the Bible best of all in their rest hours. Bishop Lee is all for business and transacts everything with promptness and fairness and has made an excellent impression.

All remodelling done under my personal supervision. Why not bring your old furs and let me suggest new styles? Mrs. Abbott, Illinois Phone 881.
